DETAILED ACTION

Response to Amendment

This Office Action is responsive to the Amendment filed August 29, 2008. The rejection of claims 1-12 & 24 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention is overcome. The rejection of claims 1-7 under 35 U.S.C. 103(a) as being unpatentable over Itou U.S. Pub. 2003/0150655 in view of Clingerman et al. U.S. Pub. 2005/0031922 is overcome. The rejection of claims 8-12 under 35 U.S.C. 103(a) as being unpatentable over Itou U.S. Pub. 2003/0150655 in view of Clingerman et al. U.S. Pub. 2005/0031922 in view of Breed U.S. Pub. 2006/0212194.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-12 & 24 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Applicant has amended the instant claims to overcome the 112 rejection.

However, it is unclear as to whether the stopped state and the stopped side are one in the same. The limitation in claim 1 with respect tot detecting that the state of the fuel cell system is switched over to a stopped side, such that the fuel cell system is in a stopped state” implies that the are synonymous. However, the limitation of claim 1,

with respect to "the stopped state ...fuel cell system is switched over to the stopped side" implies that the " are different. An appropriate correction is required.

Response to Arguments

Applicant's arguments with respect to claims 1-12 & 24 are have been considered but are moot in view of the new ground(s) of rejection.
